Ninth grade, freshman year, or grade 9 is the ninth year of school education in some school systems. Ninth grade is often the first school year of high school in the United States, or the last year of middle/junior high school. In some countries, Grade 9 is the second year of high school. Students are usually 14-15 years old.

[Biology Exam - CLEP - The College Board](#)

The most obvious change is to the grade system. The old A*-G scale has been replaced by a new '9-1' scale. A grade 9 is the highest available (and is equivalent to a high A*). The new "good pass" is considered now to be a grade 5. The graphic below, published by exam regulator Ofqual, compares the old and the new grade scales.
